Welcome To Laser and Skin Department

Martins Rejuvenation Centre offers a wide variety of laser and skin services. You can read about them on our website, but the best approach is to book an appointment with our trained and knowledgeable staff in order to determine which treatment best suits your needs.

Facial treatments are done without any makeup, so please wash your face prior to the appointment and bring makeup with you so that you can reapply after assessment. Please note that if makeup needs to be removed at the time of the appointment, it may cut into your treatment time, so arrive early and be prepared. We like to keep a tight schedule 😊

Some of our lasers are done at any time of year (eg. Clear and Brilliant), but some require that the client has not been exposed to sunlight prior to treatment (eg Laser Hair Removal) Please ask if you are not sure, but this list may help

Lasers that CANNOT be done on tanned skin: Laser Hair Removal, BBL (Broadband Light), some parts of Fotona Face Lifting

Treatments that CAN be done on tanned skin: Microdermabrasion, Facials, Microneedling, Clear and Brilliant, some parts of Fotona Face Lifting, Microblading, Facial Veins

You will have the opportunity to ask questions and address any concerns.

We look forward to meeting you!

Please note that we set aside time for your appointment – we require at least 24 hours prior to cancellations. (\$35-100 charge based on appointment duration.
